

The Commercial Minerals of California: With Notes on Their Uses, Distribution, Properties, Ores, Field Tests, and Preparation for Market (Classic Reprint)

By W O Castello

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Commercial Minerals of California: With Notes on Their Uses, Distribution, Properties, Ores, Field Tests, and Preparation for Market The headquarters of the California State Mining Bureau are located on the third floor of the Ferry Building, San Francisco, and consist of the administrative offices of the State Mineralogist. State Supervisor of Petroleum and Gas, Library, Mineral Museum, and other offices necessary for carrying on the work of the bureau. Field branches have been established at the following points: Los Angeles (512 Union League Building), Santa Paula, Santa Maria, Bakersfield, Taft, Coalinga, East Auburn, and Redding. The institution is supported by legislative appropriation, and is under the direction of Fletcher Hamilton, State Mineralogist. Its purpose is to promote the interests of the mineral industry in California in every possible way. This object is accomplished by various means, briefly outlined as follows: Publications. Bulletins, reports, and maps, covering all phases of the mining industry of the state, compiled as a result of the work of mining engineers and geologists in the field, are available for reference...

Reviews

This pdf may be worth purchasing. This is for anyone who statte there was not a really worth reading. I found out this pdf from my i and dad encouraged this pdf to understand.

-- **Mrs. Annamae Raynor**

If you need to adding benefit, a must buy book. This really is for all who statte that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Claud Bernhard**
